European Oak (Super Prime).

A specie that is abundant in Northern, Central and Eastern Europe. Traditionally the timber of construction in Britain, Oak is also widely used in Joinery, Furniture, Panelling, Boat-building, cabinetry and flooring. Durable for exterior work and displaying a bold ray figure on quarter sawn faces, Oak is decorative as well as strong. Our 'Super Prime' grade of Square edged Oak is the best quality available in the UK. Grades with feature knots also available.
